Join members of the philanthropic community at our sixth annual conference as IFIP celebrates and embarks on its leading work as a newly recognized independent organization. For over seven years, IFIP has served as a forum for donors in realizing the importance of supporting Indigenous sustainable projects and remote communities around the world.

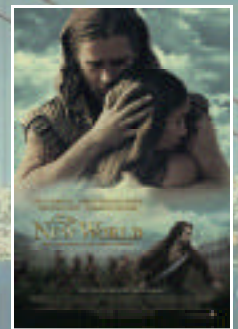

The conference theme, *Weaving a New Path in Philanthropy*, symbolizes the interrelatedness of our work and how we must all work together to achieve our goals. It best depicts the world view of many Indigenous Peoples of how all things are interconnected.

You are invited to register today for the opportunity to learn about an array of engaging topics that will assist donors in better understanding the interconnectedness of economic sustainability and the preservation of traditional lifeways.
